DraftSight

TM

Your software. Your vision.
Your community.

DraftSight™ is a professional-grade, open 2D CAD product for users who want a better way to create, edit and view DWG files. DraftSight is easy to use and is available for professional CAD users, students and educators to download and activate for free* at DraftSight.com.

Check out DraftSight's support options at DraftSight.com.

A better way to create, edit and view DWG files.

Based on an advanced architecture, DraftSight usually takes less than a few minutes to download, and runs on multiple operating systems including Microsoft® Windows XP®, Windows Vista®, Windows® 7 (General Release), Mac® and Linux® (Mac® and Linux® are currently in Beta).

DraftSight is free* to download at DraftSight.com.

*Standalone license. Activation required.

The DraftSight Community. Where CAD users unite.

A collaborative, design-focused online CAD environment where users can learn, interact and support each other. The community offers an abundance of learning resources including online training videos, tutorials, curriculums and more! Join today at DraftSight.com.

DraftSight Service Options.

DraftSight offers services for companies, educational institutions and individual users.

No-Cost Community Support

Users have access to an open, online SwYm community, where they'll find support and training resources, along with an environment to interact, ask questions and share their opinions.

Commercial Customers

The DraftSight™ Premium Pack is for companies that need five or more DraftSight licenses and want to get the most out of DraftSight. For a minimal fee, this Pack includes:

- Telephone and email support
- Network licensing
- Access to the DraftSight API's
- All of the online training materials offered through the DraftSight SwYm Community

For more information send an email to: premium@draftsight.com.

Education Customers

The DraftSight Premium for Education Classroom Pack (45 licenses) and Campus Pack (200 licenses) includes for a minimal fee:

- Telephone and email support
- Access to DraftSight API's
- Network licensing and curriculum
- All of the online training materials offered through the DraftSight SwYm Community

For more information, please contact your local reseller.

Individual Users

The Prosumer Service offer was created to help individual users install, activate, configure and use DraftSight. This paid-for service includes email and telephone support and is a renewable service available for 3 or 12 months. To buy this service go to draftsight.com/purchase_support.

Ideal for Students.

For students, DraftSight offers:

- Web access to download DraftSight free* at home and in their dorm
- All of the online training materials offered through the DraftSight SwYm Community
- Free access to upgrades

The company behind DraftSight.

This visionary CAD program is offered by worldwide PLM leader and software innovator, Dassault Systèmes. Dassault Systèmes is offering DraftSight as a result of a comprehensive series of customer interviews that showed a strong demand for the ability to share DWG files.

*Standalone license. Activation required.
